The Fall 2024 semester brings about exciting prospects for GGC's student-athletes.

SOCCER

The women's and men's soccer teams will be competing this season in the Continental Athletic Conference title and will be getting the chance to compete in the NAIA National Championships. The men's soccer team began their season August 10 in an away game against Truett-McConnell (Georgia). The women's soccer team opened their season August 20 in an away game against Brewton-Parker College (Georgia).

The first home games of the season at the Grizzly Soccer Complex. The men's first home game will be August 31 and part of the Labor Day Grizzly Classic against Bryan College (Tennessee). The women's first home game was August 24 against Montreat College (North Carolina).

The women's team is the defending champion of the CAC titles and five-time champions overall. The men are also five-time champions and reached the semi-final round of last year's competition.

Be on the lookout for collaborations from various student organizations to win merchandise and participate in giveaways at games like the 17 plus home games across both soccer teams.

TENNIS

While tennis is not in-season, the women's and men's players will still have two major individual competitions, ITA Regionals and ITA National Championships, to compete in.

BASEBALL & SOFTBALL

Baseball and softball will be in their off-seasons as well, preparing and training for the spring.
